MIGRANT COMMUNITY

WORKSHEET

1. Having read through the parish actions provided in the Pastoral Plan, which actions did your community members identify as those that could be best taken up by your community to grow and share its faith? It is recommended that a community member write these down.

2. Next, arrange this list of potential actions in order of priority, beginning with those that are most important to the life and mission of the community to those that are of lesser priority.

It is recommended that the community focus on 5 to 10 actions of highest priority in any given year, applying the questions below to each of them before moving towards implementation:

3. Which members of our community are best placed to bring this action to life?

4. How can our community invite and involve as many people in this action as appropriate and possible, and how can we collaborate with the local parish in bringing it to life?

5. Does this action involve any significant costs that need to be raised with our migrant chaplain, community leader/s or local parish priest?

6. Within what time frame will this action be implemented? (e.g. within 6 months; by the end of 2014; by the end of 2015…)

7. How will we review the effectiveness of each of this action in growing and sharing the faith of our community? That is, what are the signs that will tell us this action is bearing fruit? How will we share these outcomes with the local parish and Diocese?
